

Fraud Alert January 21, 2009 - In our continuing effort to assist you in safeguarding the privacy of your information we have received alerts of account data compromise of a U.S.-based card processor. Heartland Payment Systems has issued a press release announcing that it has uncovered malicious software in its processing system. Heartland Payment Systems offers payment solutions (credit and debit card transactions) to retailers, restaurants and hospitality merchants. For more information you may wish to review Heartland Payment Systems' official press release at the following: www.2008breach.com.

As a financial institution that issues credit and debit cards, we are continually monitoring activity for possible security breaches. If you suspect that you have been a victim of fraud, please contact our Banking Specialists at 603-882-2700. We will help you identify whether or not it is a fraudulent transaction and work with you to remedy any impact on your Nashua Bank account(s).

Your financial security is our first priority. Please refer to our [Helpful Information: Security, Privacy & ID Theft](#) link on our website for further recommendations on maintaining the security and privacy of your information. If you should have any questions, please contact us at anytime.
